Thanks for organizing. I can easily grab Leanne when we're done with LWR – that sounds like a good plan.

Andrew

**Subject:** RE: GEMSS and Lower White

Ok great! Let's meet this Thursday from 3-4. After our Lower White River discussion we can chat about GEMSS for a bit. I'll leave it up to Laurie and Dave on whether they'd like to stay for that.

I think it would be good to have Leanne there when we talk about GEMSS, since there is some overlap with Budd Inlet, but would hate for her to have to sit through the Lower White meeting first. Is it easy enough for you to go and grab her when it's time? Let me know if another way would work better for you both.

I reserved this line:  
**Call-in: 202-991-0477**

Miranda,

Yes, Thursday 12/20 from 3-4 would work for me. The short answer is we're looking for EPA to write:

- Anything related to regulating tribal sources of pollution (WWTP reserve, hatcheries, stormwater). These sections would presumably be similar to sections Ecology will write for non-tribal sources, but that's EPA's decision.
- Anything that has caused approvability challenges for previous TMDLs. Appendix A4 (protection of all designated uses and downstream uses) comes to mind, but perhaps there are more. I believe it may be more efficient for EPA to write these sections rather than us trying to guess what EPA is wanting.

Unlike other TMDLs that Ecology writes, the 2001 MOA established a drafting committee of Ecology, MIT, and EPA. Thus far, Ecology has done nearly all the drafting, but these two pieces need EPA's hand IMHO.

Happy to talk about GEMSS at the same meeting. I'm free until 5. Leanne is also available anytime 3-5 if this is something that would be helpful for her to attend.

Andrew

**Subject:** GEMSS and Lower White

Hi Andrew,

Based on our call yesterday I'd like to find a time for you, Dave, Laurie, and me to talk more about the Lower White TMDL tasks you were thinking of for EPA.

A couple of open times next week are:

Tuesday, 12/18, 10:30-11:30

Thursday, 12/20, 1-4

Do any of those work for you? Also, when would be a good time for me to call you to follow-up on the GEMSS discussion we had? We could either do it right before or after the Lower White call, or another day/time next week.

Thanks,
